

Assaye Risk - Feedback Policy

Assaye Risk is a risk management company specialising in non-technical risk management and analysis across Africa and internationally.

Assaye Risk is committed to continuous improvement of services, processes and operations and has a system of internal procedures to achieve this.

Assaye Risk believes that these procedures are complemented by client, employee, consultant and third-party feedback regarding Assaye Risk's operational delivery. This can include HSSE reporting, grievances, positive and negative comments and whistleblowing, and should be submitted via the link below or by emailing info@assayerisk.com.

All feedback will be acknowledged within 2 working days and treated confidentially.

This feedback policy will be reviewed periodically to ensure its continued applicability.

Yours faithfully,

James Hopkinson

CEO – Assaye Risk
